Flea Treatment - Preparation Instructions

In order to ensure the best treatment results for fleas you must complete the following items.

- All items must be removed from all floor surfaces including closets. You may place clothing on beds and other furniture.
- All floors must be vacuumed the day of service.
- All pets must be treated for fleas the same day as service.
- Everyone must be out of the areas being treated for 4 hours after treatment, including pets. If anyone in the home is pregnant, they must be out for 24 hours. If anyone has breathing problems, such as asthma they must be out for 6-8 hours.
